

MSA had a great time visiting Atlanta Dragway in 2009. Super Chevy, Night of Fire, Harley drag racing, weekly programs, and of course the big NHRA event, the Southern Nationals. These are just a few photos during the season. At time of press, Atlanta Dragway's schedule was not available and will be released on January 18, 2010. You can visit their website and sign up to receive it as soon as it is available. The Southern Nationals are May 14-16, 2010 and Atlanta Dragway has a special group discount that can save you over 40% off the regular price. Visit www.atlantadragway.com for more info.
