

Well, once again these guys were playing in the mud at Seney Mud Bogg. Seney is located at 511 Stewart Rd. off of Hwy 101 in Cedartown, Ga.

This time they wanted to play in the dark. There was a great turn out again as always. If you want to play in the mud you don't have to have a big monster truck. I saw a volkwagon, station wagon, jeeps, and regular nice trucks you would drive on the street everyday. From regular 2-wheel drive to 4-wheel drive, regular tires to tractor tires.

It's just alot of people wanting to get together and have alot of fun. It's where you can reunite with friends or just make new friends. Everyone there are real friendly.

If you would like to check out more about Seney you can go to www.seneymudbogg.com

Motorsport America is looking forward to the next bogg. We will put the date for the next event as soon as we have it. Hope to see you at the next one.

Lets get muddy together at the Seney Mud Bogg. Wayne Creswell and Jerry Moody would like for everyone to come out and have fun.
