

## 2010 SMOKIN THE SOUND WRAP UP

Biloxi, MS. May 25, 2010: It was an incredible weekend of racing and camaraderie when the Offshore Super Series and SuperBoat International teams raced the Mississippi Gulf Coast at the Smokin' The Sound's 6th annual offshore powerboat race.

Discovery Channel Deadliest Catch deckhand and The Wizard star, Travis Loflund and veteran offshore driver Bob Mazikowski ran a strong race heat Saturday but had engine problems on Sunday. Travis said "Wow, what an incredible experience to go from the cold high seas of crabbing to a powerboat screaming at 91 MPH on the Sound's challenging course".

Sun and heat factored into the calm water testing and racing with Pro Am classes taking to the race course for heat racing Saturday and Sunday. Team Unleashed with Shannon Penn and Vincent Simon spun out on Saturday with the outdrives ripped out; both driver and throttleman were checked out and released by OSS Med/Safety Director David DiPetrillo and the Biloxi Regional Hospital staff.

The Lake Cumberland Grand Prix is the next stop for the OSS racing series June 4-6th. Please go to [www.lakecumberlandgrandprix.com](http://www.lakecumberlandgrandprix.com) for all the action.
