

Seney Mud Bogg is located in Cedartown, GA. If you enjoy putting your truck in the mud or just watching them this is the place to be.

January 1st, 2010 was the New Year's Day ride and it was a great turn out. I saw people sitting wrapped up in blankets, drinking coffee and hot cocoa some spectators brought a metal fire pit to keep warm! Yep, it was that much fun that people stood the cold for it.

February 20: Once again the turn-out was great and it was a great day it even got up in the 60's. The line-up of trucks there had a more new entries I had never seen there before. A couple of the trucks even flipped.

This is a place where alot of your local mudders get together just to have fun. These truck owners spend alot of money out of their own pockets and alot of time working on these trucks just to have a toy to put in the mud on the weekends. A lot of people think they lost their minds for doing that, but they enjoy it and they are not hurting anyone or anything ,just having fun.

At Seney there are 21 mud holes, donut area, trailer parking and truck wash. It is privately owned and run by Wayne Creswell and Jerry Moody. I have met both of these men and there are wonderful men.

So if you looking for some real mud fun then you need to go to Seney Mud Bogg. They welcome all trucks no matter what the size. Here are just afew of the mud shots I took on these 2 events. If you would like to see more pictures, you can check them out at www.seneymudbogg.com

Hope to see you at the next event!
